TOT (CANS/ANSA/FAST or CAT) sessions 1 and 2:

- CANS (CEs 11 hours): Ari Acosta, MSc. (she/ella) is a bilingual Senior Policy Analyst at the Center for Innovation in Population Health, at the University of Kentucky. She trains professionals on the Child and Adolescent Needs and Strengths (CANS) and other Transformational Collaborative Outcomes Management (TCOM) tools in English and Spanish, as well as provides support to TCOM implementations. Ms. Acosta is a clinical psychologist by training and a former psychology assistant professor in Venezuela with years of experience in mental health, human rights education, and gender studies. She's passionate about bringing together her knowledge and expertise into innovative projects to help others.
- ANSA (CEs 11 hours): Cassandra Cooper, MA, LCPC is a Senior Policy Analyst at the Center for Innovation in Population Health at the University of Kentucky. She works with Illinois and other states and jurisdictions providing training and facilitating Learning Collaboratives to systems implementing the Child and Adolescent Needs and Strengths (CANS) and Transformational Collaborative Outcomes Management (TCOM). Prior to joining the TCOM team, Ms. Cooper was a Field Implementation Support Specialist, Trauma Informed Practice Specialist, and Learning Collaborative Facilitator at the Illinois Department of Children and Family Services, where she served as a primary facilitator on the implementation of a family-centered, trauma-informed and strength-based model of practice. Ms. Cooper utilizes her experience as a licensed clinical professional counselor, and educator and her knowledge of TCOM in coaching and supporting individuals and jurisdictions on the practice applications of the CANS, ANSA, and other TCOM tools.
- FAST (CEs 11 hours): Kendra McCray, BSc. is an Associate Policy Analyst at the Center for Innovation in Population Health at the University of Kentucky. She trains professionals on the Child and Adolescent Needs and Strengths (CANS) and other Transformational Collaborative Outcomes Management (TCOM) tools, as well as provides support to TCOM implementations. Prior to joining the TCOM team, Mrs. McCray was a Program Coordinator with the South Carolina Department of Social Services, where she served as a facilitator on the implementation of the Family Advocacy and Support Tool (FAST). Mrs. McCray believes that the well-being, safety, and permanency of all families, caregivers, and children are the most important part of her career and she is dedicated to ensure jurisdictions across the globe are equipped with the tools to ensure that happens.
- CAT (CEs 11 hours): Lynn Steiner, MSW, is a Senior Policy Analyst at the Center for Innovation in Population Health at the University of Kentucky. In this role, she is mainly responsible for providing coaching and training to people who are certifying on the TCOM tools (e.g., the CANS, CAT, ANSA, FAST). She was involved in similar work previously at Chapin Hall at the University of Chicago and at Northwestern University's Mental Health Services and Policy Program. Ms. Steiner has a master's in social work degree from the Jane Addams College of Social Work at the University of Illinois.
